Dr Stephen deWit

Lead Human

Leading with Relational Intelligence When Pressure Is High and Change Is Constant

Biography

Dr. Stephen de Wit is a globally sought-after human connection expert who helps leaders unlock performance, retention, and trust by mastering relational intelligence. Drawing on 20+ years across private practice, retreats, and research with vulnerable populations, his Lead Human™ framework shows leaders how to eliminate silent friction and build cultures where people thrive.

- 170 Keynotes delivered
